

SUTHARSANAM S

Full Stack Developer | Web Developer

sutharsanam87@gmail.com | +91 9360978238 | Sathyamangalam, Tamil Nadu

[linkedin.com/in/sutharsanams](https://www.linkedin.com/in/sutharsanams)

PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student with hands-on experience in full stack and web development through multiple internships. Proficient in Java, Python, and modern web technologies including React.js. Passionate about building responsive, user-friendly applications and eager to contribute to dynamic development teams.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering

SNS College of Technology, Coimbatore

Expected Graduation: 2027 | CGPA: 8.19 / 10

INTERNSHIP EXPERIENCE

Web Developer Intern | Mogora Infotech

2023 (15 Days)

- Developed and maintained web pages using HTML, CSS, and JavaScript.
- Collaborated with the team to deliver responsive and cross-browser compatible UI components.

Java Developer Intern | TechOctanet Services Pvt. Ltd.

2024 (1 Month)

- Built an ATM Simulation system in Java applying OOP principles: encapsulation, inheritance, and exception handling.
- Implemented core transaction flows including deposit, withdrawal, and balance enquiry.

Web Developer Intern | Skillcraft Technology

2025 (1 Month)

- Developed a fully responsive webpage from scratch using HTML, CSS, and JavaScript.
- Created multiple frontend pages ensuring mobile-first design and cross-browser compatibility.

PROJECTS

PC Doctors Hub – On-Demand Device Repair Platform – HTML, CSS, JavaScript, React.js, Node.js, MongoDB

- Developed a full-stack web platform that connects customers directly with verified PC and device repair technicians, streamlining service booking, real-time status tracking, and technician-customer communication in a single interface.

Anomaly Detection in IoT Systems – Python, Machine Learning, IoT, Data Analysis

- Engineered a real-time anomaly detection system for IoT sensor networks that automatically identifies data spikes, outliers, and system errors using statistical analysis, enabling proactive fault management and system reliability.

Farm Connect – Agricultural E-Commerce Platform – HTML, CSS, JavaScript

- Built a full-stack e-commerce marketplace that eliminates intermediaries by enabling farmers to list produce directly and buyers to browse, compare, and purchase in real time, improving supply chain transparency.

Kodukkal Vaangal – Personal Finance Ledger – HTML, CSS, JavaScript

- Designed and developed a personal money management application allowing users to record, categorize, and monitor income and expenses with an intuitive dashboard and transaction history view.

Polling Survey Application – HTML, CSS, JavaScript

- Created an interactive voting platform featuring image-based poll options with real-time result visualization, enabling engaging and accessible survey experiences for end users.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, HTML, CSS, JavaScript

Frameworks & Libraries: React.js, Git

Developer Tools: VS Code, GitHub

Databases: MySQL, MongoDB

Core Concepts: OOP, REST APIs, Responsive Web Design, Data Structures

CERTIFICATIONS

- Microsoft Azure AI Fundamentals – AZ-900
- NPTEL – Programming in Java
- NPTEL – Privacy and Security in Online Social Media
- Prepinsta – Web Development & Programming Courses
- Infosys Springboard – Technology & Professional Development Courses

LANGUAGES

Tamil: Native / Full Professional Proficiency (Speak, Read, Write)

English: Full Professional Proficiency (Speak, Read, Write)

Kannada: Conversational (Speak)

Hindi: Limited Working Proficiency (Read, Write)
